

# SPECIALTY CAMPS

## WEEK 1: JUNE 15 - JUNE 19

**Robot Olympics with Snapology:** In this open-ended robotics camp, campers will build and program robots to compete in sports-themed challenges! Students will expand their engineering skills by designing and experimenting with robotic attachments and refine their computer programming abilities by creating program codes that make their bots run races, play hockey, and so much more. Students will work in groups and use the LEGO® SPIKE Prime technology to complete these exciting challenges. By giving our students challenges through games and friendly competition, they don't realize how quickly they are learning core programming skills for a future in STEM.

**Skyhawks Soccer Camp:** Skyhawks Soccer is tailored for beginners to intermediate players. Our progression-based curriculum emphasizes sportsmanship and teamwork while teaching the fundamental skills of passing, shooting, dribbling, and defense.

## WEEK 2: JUNE 22 - JUNE 26

**K-Pop Stars with ARTRageous:** Dive into the world of the Huntrix and Saja boys as we create art inspired by this POPular movie!

**Average Joe's Archery:** Camp is partnering with Average Joes Archery to bring archery to camp! Learn to handle a bow and arrow like a champion and hit the bullseye at our archery camp.

## WEEK 3: JUNE 29 - JULY 3

**Farm to Fork:** Learn to cook at Farm to Fork! We will harvest vegetables from the camp garden, make delicious food and learn different cooking techniques.

**Heart of the Beast Theater:** This incredible camp will offer campers the opportunity to work together to create their own stories through puppetry. Using a variety of materials and creativity, campers will experience the joy and magic of puppetry.

## WEEK 4: JULY 6 - JULY 10

**Foam, Slime, & Potions with Kid Create:** Dive into a world of exciting experiments and discoveries! In this hands-on camp, kids will explore foam, slime, and potions while creating color-changing elixirs and bouncy balls. Each activity blends creativity with science, sparking curiosity and wonder. Learning becomes a bubbling cauldron of fun and unforgettable exploration!

**Skyhawks S.N.A.G. Golf Camp:** Skyhawks S.N.A.G. Golf offers a unique, games-based program that makes it easier for kids to hit the ball and experience early success as young golfers. Putting, chipping, pitching, and full swing are all taught through games; simple repetitive motions making it easy for young kids to remember and repeat. Specially designed, age-appropriate S.N.A.G. golf equipment is provided.

# SPECIALTY CAMPS

## WEEK 5: JULY 13 - JULY 17

**Minecraft 3D Printing with Teach Academy:** Learn the ins and outs of 3D design and 3D printing with TinkerCAD in this creative camp. Campers will explore 3D modeling skills while designing custom mobs and Minecraft-inspired creations. Along the way, they will experiment with shapes, structures, and design elements that bring their ideas to life. While prints are finishing, campers can take part in Minecraft-themed challenges and even create video games inspired by the block-building universe. Each camper will have two small, printed designs sent to home. Printing and material fees are included. Bring a USB drive on the last day. Minecraft is a Mojang Studios trademark and is not affiliated with this camp.

**Farm to Fork:** Learn to cook at Farm to Fork! We will harvest vegetables from the camp garden, make delicious food and learn different cooking techniques.

## WEEK 6: JULY 20 - JULY 24

**Theater Camp with Graceful Monsters:** Camp Olami is partnering with Graceful Monsters for a week of acting, directing, sets, tech and more! Campers will create and practice throughout the week culminating in a show!

**Creature Creator Robotics Camp with Snapology:** Come explore the world of robotics as you build complex animal models that teach the fundamentals of robotic design in this fun camp. Whether learning about sensors while building a fish or alligator or discovering ways that gears and wheels and axles create movement while building robotic dolphins or gorillas, your child is sure to have a great time!

## WEEK 7: JULY 27 - JULY 31

**Pokemon Inspired Coding & STEM Adventures with Tech Academy:** Step into the world of Pokémon with a week of exciting STEAM adventures! Campers will design and build their own coding projects, from interactive games to creative animations, while also making Pokémon-themed stop-motion films. They'll construct sets and props, tackle fun STEAM challenges, and bring their ideas to life through coding and creativity. Along the way, campers strengthen problem-solving and teamwork skills. Basic reading skills are recommended. Bring a USB drive on the last day. Pokémon is a trademark of Nintendo of America Inc. This camp is not affiliated with them.

**Heart of the Beast Theater:** This incredible camp will offer campers the opportunity to work together to create their own stories through puppetry. Using a variety of materials and creativity, campers will experience the joy and magic of puppetry.

# SPECIALTY CAMPS

## WEEK 8: AUGUST 3 - AUGUST 7

**WICKED Creations with ARTrageous:** Sing along to the musical and creating paintings, sculptures and crafts inspired by the characters of this popular musical while defying gravity.

**Multi-Sport Camp with Skyhawks:** Skyhawks Multi-Sport programs offer young athletes a taste of basketball, flag football, and soccer in one setting. Learn the rules, master essential skills, and embrace life lessons like sportsmanship and teamwork. Join us for an all-sport adventure!

## WEEK 9: AUGUST 10 - AUGUST 14

**Farm to Fork:** Learn to cook at Farm to Fork! We will harvest vegetables from the camp garden, make delicious food and learn different cooking techniques.

**Cosmic Creators Lab with Kid Create:** Blast off into a space-filled adventure! In this hands-on science class, kids will create marshmallow constellations, craft galaxies in a jar, and build their own solar system. It's a fun, creative journey through the wonders of our universe!
